

2025 CyberBoat Challenge

DATES: December 16-18, 2025
(Travel on Dec 15 and 19)

LOCATION: UNCW Center for Marine Science • 5600 Marvin K Moss Ln • Wilmington • NC 28409

COST: Attendance is free for students. Non-students should reach out to the organizers for sponsorship opportunities to attend
(cyberboatchallenge@gmail.com)

What's the CyberBoat Challenge?

A hands-on, fast-paced event where students, professionals, and experts team up to secure real marine systems. Activities include simulations, live system hacking, and mentor-led assessments- on land and water.

Who Can Join?

College students (from freshmen to Ph.D.) with an interest in cybersecurity and its application to the marine industry.

Why Participate?

- Gain practical experience with marine systems
- Network with industry leaders
- Explore recruitment opportunities
- Solve real cybersecurity challenges and present your work

Participation is by invitation only. Current university and technical college students are encouraged to apply. Industry and government partners should pursue sponsorship opportunities to attend.
